Wu Teng®

Handan Wuteng Engineering Materials Co., Ltd.

Surface treatment: Natural color/Galvanized/Color/Hot dip galvanized/Dacromet/TEF/Spray paint/Paint process

ISO/DIN/ANSI/ASME/ASTI/BS/AS/JIS/Q235/35K/45K/40Cr/B7/20MnTiB/A2/A4/Stainless steel 201、304、316、410

Product Range/Self-drilling Screws

Steel

Screw material: C1022A
Screw application
Steel sheet into steel/timber substrates
Zinc plated/Anti-corrosion POLYSEAL™ (1000 hours salt spray test)

Metal

Carbon steel fasteners for fixing
steel sheets into steel substrates
Painted hex washer head (PHWH)

Nylon hex washer (NHW)

Truss phillips head (TPH)

Pan head (PH)

Pan head self-tapping screw

Hex washer head (HWH)

Hex washer flange (HWF)
Anti-corrosion POLYSEAL™ (1000 hours salt spray test)

Board

Carbon steel fasteners for fixing
all types of boards into steel substrates
Hex socket head (HSH)

Pan frame head self drilling screw

Wall cladding

Skylight

Carbon steel fasteners for fixing
skylights to steel substrates

M8/10 Special flange face design,
high load could be assembled with nut

Fiber cement

Carbon steel fasteners for fixing corrugated
fiber cement sheets into steel substrates

Heavy duty

Drilling point No 5 & No 7
(Fastening into 12mm-15mm thickness steel substrates)

Insulated Panel

Double thread 12/14, also available in TP120

Corrugated nails

Wood screw

Hex washer flange
Material: C1022A, fastening sheet steel to
wood substrates

Chipboard screw

Square recess head

Corrugated nails

Cut threaded holes for fastening

Drywall screw

C1022A, gray or black phosphate.

Sharp drilling point

Fine thread

Coarse thread

Hi-low thread

Self drilling point

Accessories

Washers & Color heads

Powder Coated head to match the color of roofing sheets

1000 hours Salt Spray test

Special designed Z point drilling

Size up to 400mm available

*Can be customized and processed according to drawings

Starting from parts,,
connecting the world.
